**Software Development Engineer | Java · Spring Boot · React · DSA**

## SUMMARY

Final-year CS Engineering student with a strong foundation in data structures, algorithms, and full-stack development across Java/Spring Boot and React/Next.js. Built and deployed full-stack systems end-to-end — REST APIs, authentication, database design, and production UIs — and has solved 80+ DSA problems across LeetCode and NeetCode. Comfortable owning a feature from backend logic through to a shipped, working product.

## TECHNICAL SKILLS

**Languages:** Java, JavaScript (ES6+), TypeScript, C++

**Backend:** Spring Boot, Node.js, Express.js, REST API Design, JWT Authentication

**Frontend:** React.js, Next.js, Tailwind CSS, Responsive/Cross-Browser UI

**Database:** PostgreSQL, MongoDB, Supabase

**CS Fundamentals:** Data Structures & Algorithms, OOP, Git-based Version Control

**Tools:** Git, GitHub, Postman, VS Code, Vercel, Render

## EDUCATION

B.Tech in Computer Science & Engineering | Dronacharya Group of Institutions, Greater Noida

Expected Graduation: 2027

Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Operating Systems, Computer Networks

## EXPERIENCE

**Data & AI Intern | Ministry of Panchayati Raj, Government of India** Sep 2026 – Present

- Working with government panchayat-level datasets, supporting data organization and management for MoPR's digital initiatives.
- Contributing to the development of an AI-powered chatbot for the MoPR website to help users query panchayat-related information.

**Frontend Developer Intern | Alfido Tech (Online)** Jul 2026 – Aug 2026

- 6+ production React components shipped with zero rollback, converting design specs into responsive, cross-browser-tested interfaces that cut reported usability issues.
- 15+ PRs merged with zero regressions across 4 sprint cycles, working in a Git-based team review workflow.

**Web Developer Intern | Brainwave Matrix Solutions (Hybrid)** Sep 2024 – Nov 2024

- 8+ pages shipped with zero layout bugs after cross-browser debugging on Chrome, Firefox, and Safari.
- 5+ reusable UI components built from raw requirements, cutting rework on future features.

## PROJECTS

**Flapboard — Full-Stack Typing & Adaptive Learning Platform**

*React, TypeScript, Spring Boot, PostgreSQL, JWT, AI/LLM APIs*

- Designed and built a Spring Boot REST API with JWT-based authentication, validating every endpoint via Postman before frontend integration.
- Built an AI-powered coaching layer that calls a live LLM API to analyze typing performance and generate personalized feedback and practice recommendations.
- Developed a character-level typing engine with real-time WPM, CPM, and accuracy tracking, and an adaptive system that personalizes exercises from user performance metrics.

**Golf Platform — Full-Stack Subscription Platform**

*Next.js, TypeScript, Supabase, PostgreSQL, Stripe*

- Built a full-stack subscription platform with Supabase-backed auth and PostgreSQL data access, scoping every view to the authenticated user.
- Implemented the Stripe checkout flow end-to-end, handling subscription state and payment logic; live in production on Vercel.

**NeuroQuiz — Quiz Engine with Scoring Logic**

*JavaScript, Vite, GSAP, HTML5, CSS3*

- Built a quiz engine handling multiple-choice logic, real-time scoring, answer validation, and achievement-based progression.
- Deployed on Vercel with a production-ready frontend architecture. Live: [neuroquiz-g.vercel.app](https://neuroquiz-g.vercel.app)

## LEADERSHIP & ACHIEVEMENTS

---

- **Problem Solving:** Solved 50+ DSA problems on LeetCode and completed 30+ problems from the NeetCode roadmap.
- **Smart India Hackathon (SIH) 2024 — Team Leader:** Led a team of 6, with mentor guidance, whose solution was selected for college SIH submission, coordinating planning, task allocation, and development.
- **TechnoXian Line Follower Robot Competition:** Contributed to the programming component of the line-following robot.
- **Leadership:** Served as Class Representative and helped organize a college cultural event attended by approximately 200–300 students and faculty.
